We respect and protect the privacy of our members. This privacy policy tells you how we collect and use information.

Personal Information

The term "Personal Information" in this privacy policy means any information from which your identity is apparent or can be reasonably ascertained. We do not collect Personal Information about you when you visit our website.

As a social club, the information collected is minimal and stored securely. It is used to maintain a members list including contact details, and to send periodic communication about the club and members' events.

Scope

If you contact us we will collect the email address you nominate and any other identifying information you provide, such as a name or phone number.

Please do not give us other personal or sensitive information. For instance there are no circumstances for which we require your credit-card details.

Requests for Information

We receive periodic requests from members for the contact details of another member. We do not share those details. We recommend direct interaction on club nights but, on request, a committee member may contact another member on your behalf and request they contact you if you have advised you're happy for this to occur.

How we protect your Personal Information

Member lists are maintained by and remain with the committee. Storage is on password protected devices.

Our committee acknowledges the importance of confidentiality and maintaining the privacy and security of your information. Access to your Personal Information is restricted to the committee members who maintain the club's records or are responsible for correspondence.
